

Final Agenda

09:45	Registration
10:00	Welcome Chris Harrap , WPD Innovation & Low Carbon Networks Engineer
10:05	Introduction Yiango Mavrocostanti , WPD Innovation Manager
10:15	Network Monitoring: Primary Network Power Quality Analysis (PNPQA) Steve Pinkerton-Clark , WPD Innovation & Low Carbon Networks Engineer
10:25	Smart Technologies: Multi Asset Demand Execution (MADE) Matt Watson , WPD Innovation & Low Carbon Networks Engineer
10:40	Smart Technologies: Harmonic Mitigation Chris Harrap , WPD Innovation & Low Carbon Networks Engineer
10:50	Data: Presumed Open Data Sam Rossi Ashton , WPD Innovation & Low Carbon Networks Engineer
11:00	Flexibility: Future Flex Matt Watson , WPD Innovation & Low Carbon Networks Engineer
11:15	Break
11:30	EV's: Electric Nation - PoweredUp Ricky Duke , WPD Innovation & Low Carbon Networks Engineer
11:40	EV's: DC Share Ricky Duke , WPD Innovation & Low Carbon Networks Engineer
11:50	EV's: Take Charge Neil Murdoch , Take Charge Project Manager
12:05	Breakout Sessions: These sessions will include questions and discussions on your top categories. Leading the sessions we have: Network Monitoring: Steve Pinkerton-Clark Smart Technologies: Chris Harrap Data: Sam Rossi Ashton Flexibility: Matt Watson EV's: Ricky Duke & Neil Murdoch
12:25	Closing Remarks Yiango Mavrocostanti , WPD Innovation Manager
12:30	Close
