

UNMETERED CONNECTIONS FORM

New/Disconnections/Transfers

Installer / Applicant Contact Details	
Company	
Customer Contact	
Address	
Post code	
Telephone No.	
Email Address	

Connection Agreement																
We will not provide a connection to our network until the electricity customer has a Connection Agreement with us and consequently a registered Meter Point Administration Number (MPAN).																
If the electricity customer has a Connection Agreement with us, please provide the MPAN that will cover the connection(s):																
<table border="1"> <tr> <td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td> </tr> </table>																
If the electricity customer does not have a Connection Agreement, or an appropriate MPAN for this connection, please tick the box.																
We will contact you upon acceptance of the new works quotation to establish a record. ☐
