

WPD Smart 
Metering

Electricity metering for business

THE CLOCK
IS TICKING...

IS YOUR BUSINESS
READY FOR P272?

Here's how **WPD Smart Metering** can
manage P272 for your business...

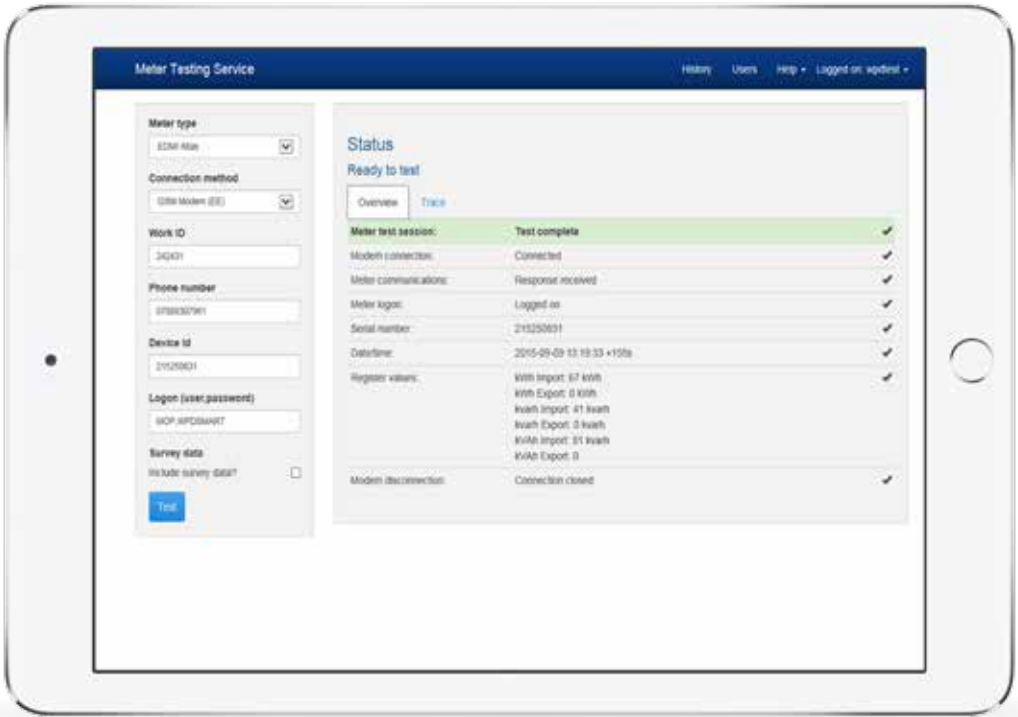

AUTOMATED STATUS CHECKS

Whether it's our engineers out at site or the support team in our office we can automatically test the status of your metering systems

I would just like to say a huge thankyou to you all for all of your help. I feel very blessed to have such a great working relationship with you all."

Inspired Energy

Our customers:

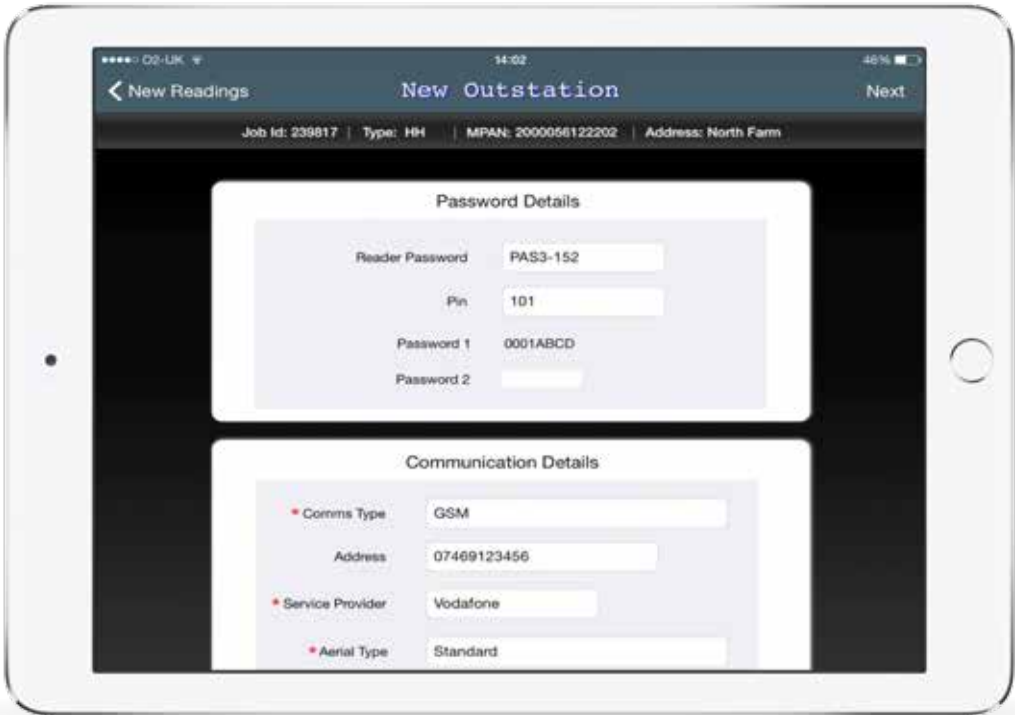

FROM FIELD TO ONLINE

Our RMD field services App captures installation and commissioning details on site so your meter is online in no time.

Big thank you to you and all your engineers for all their work for us over the last few busy months"

NWT Energy

Our customers:

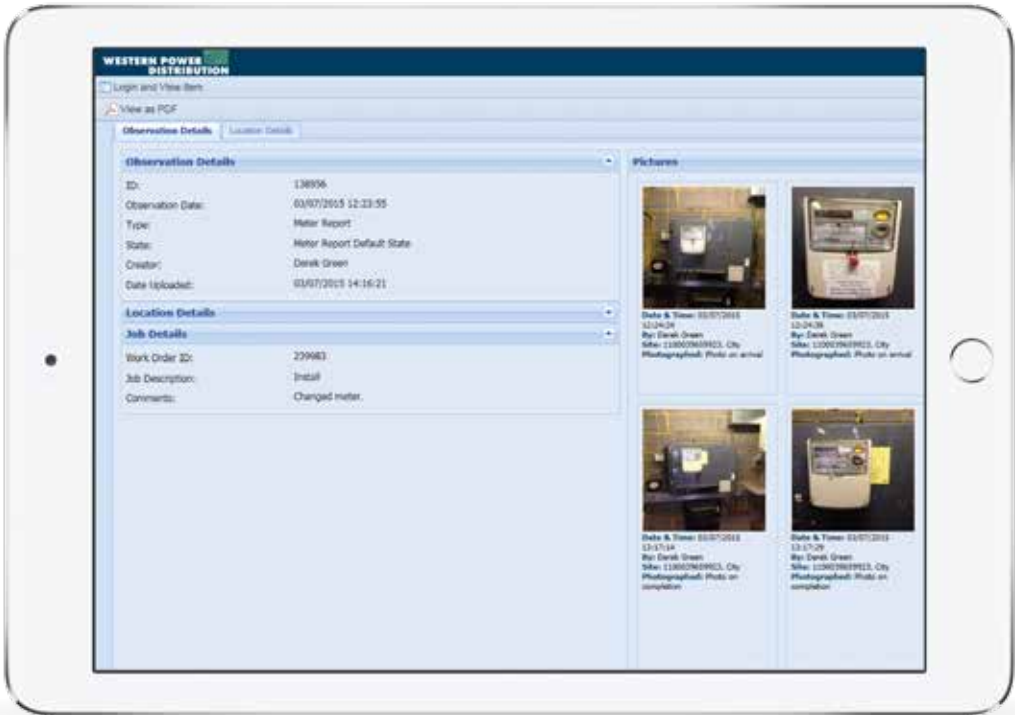

ONLINE IMAGES EVERY SITE VISIT

We capture images from every site visit
and automatically send you the link.

“

Thanks again for pushing this all through – it made
the connection on the day so much easier!”

South West Water

Our partners:

THERE'S AN APP FOR THAT...

Whatever our field services team encounter on site we have an App to support them.

I always get a prompt and accurate response from WPD Smart Metering, even if they don't have the answer to hand, they will go away and find out, they are always willing to work with us to find a solution to any of our metering problems"

Gateshead Council

Our consultants:

SWAP DATA SERVICES NOT METERS

Interoperability. If you've already got AMR meters installed we'll adopt them and get them onto Stark's SavenergyOnline.

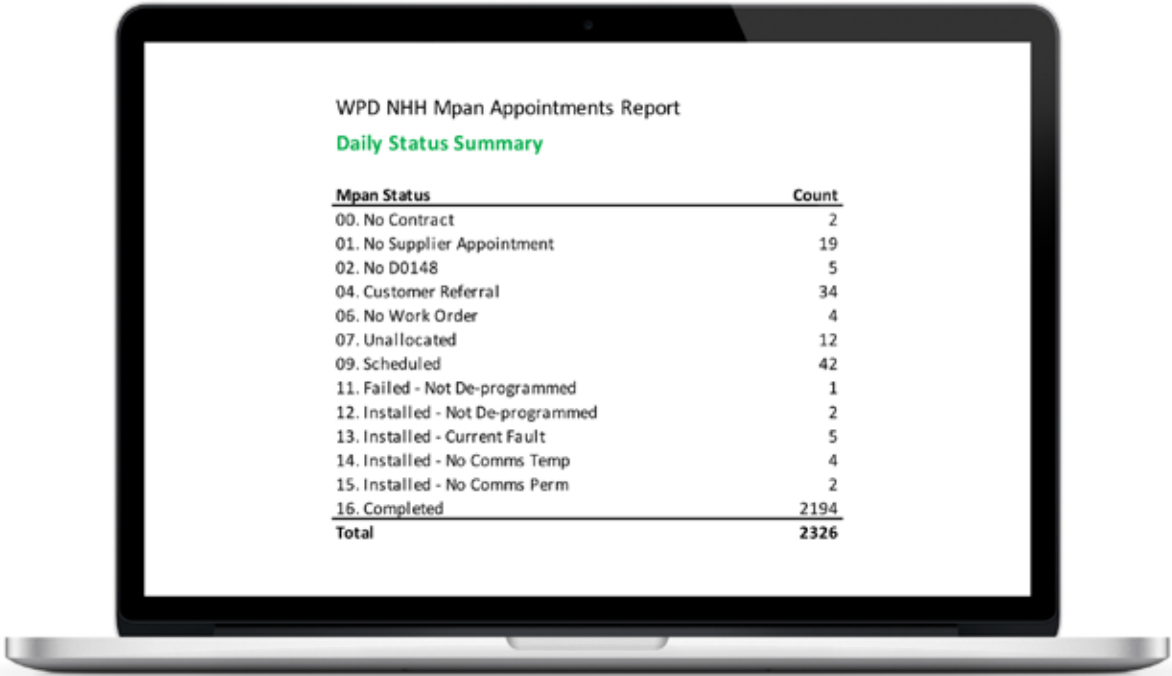

We have always found Western Power Distribution Smart Metering to be very helpful. They respond quickly to any requirements and we would recommend their service without any hesitation"

Costgard
